

KlassApp quick start

Get your school running in KlassApp.

FOR ADMINS

1 Sign up and confirm email

Open app.klassapp.xyz and tap **Sign up**. Enter the verification code we email you.

2 Set up your school

Menu, then **Settings**. Name the school, set the current academic year, and add the school logo.

3 Add students and parents

Menu, then **Students**. Tap **Add student** for one, or **Import list** to import a spreadsheet. Add each parent's phone number and tick "on WhatsApp".

4 Enter marks

Menu, then **Exams & Marks**. Open the exam, choose a class and subject, and enter the marks. Teachers can enter their own.

5 Generate report cards

Menu, then **Report Cards**. Choose the class and term, pick **Download Individual Reports** or **Merged PDF**.

6 Send them on WhatsApp

Once marks are approved for the term, a parent sends **report** to the school's KlassApp number and gets the report card as a PDF.

Help in the app

The full guide is one tap away: Menu, then Help & Docs. Full guide: klassapp.xyz/help

Remember

Check the class before you enter or approve marks. Approved marks are what parents see.
